Brafield/fways/01

Re. Footway resurfacing. Grove Road, Brafield on the Green

Works will commence shortly on the road outside your property. These works are being undertaken by MGWSP on behalf of Northamptonshire County Council and involve re-kerbing and reconstruction of the footways in Grove Road. The actual works are being constructed by MJT, a supply chain partner working for MGWSP.

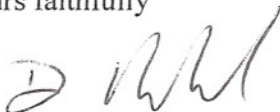

Every effort will be made to limit the effect of these works on adjacent properties but it must be appreciated that some inconvenience will result. It is hoped that this can be tolerated for the relatively short period while your property is affected. If there are any causes for concern or for general information about the works, please contact the MGWSP Construction Manager on the telephone number given.

Works are programmed to commence on **Monday 5th January 2009** and are expected to last for **4 weeks**. Footway closures will be placed to suit operations.

The intention is to undertake re-kerbing and footway reconstruction in short lengths to avoid wide scale disruption. These lengths will be indicated in advance by cones. I would ask that cars are not parked in the coned areas during working hours which are nominally **8:00am to 5:30pm**. Failure to comply with this request will seriously disrupt the progress of the scheme causing prolongation of the programme. You will have access to your property at all times but delays will be experienced while works are in the immediate vicinity.

Can I thank you in advance for your co-operation and tolerance while these works are being carried out, which form part of Northamptonshire County Council's highway maintenance programme.

Yours faithfully

David Howland
Construction Manager MGWSP
